

Acorn Village Montessori LLC

Media Release

At Acorn Village we make an effort to take digital photos of the children at school often, as a valuable tool for sharing with you visually what goes on in our program. These could be used for:

- Communication with you, through a “shared album”
- Adorning our website
- Online and print advertising to raise awareness of Acorn Village Montessori

We must have your consent to keep digital photos of your child. Without your written consent, we will avoid taking photos of your child. This is the best way to avoid mix-ups with photo use.

I give consent for my child _____ to be photographed at school, and for those photos to be used to represent Acorn Village LLC.

YES

I do not give consent for my child to be photographed, and understand this will mean I will not receive communication photos of my child (please circle NO).

NO
